

A SOCIAL STORY

Hitting

Sometimes I get angry or
frustrated

Sometimes other people
make me feel cross

When I feel like this
I might try to hit myself

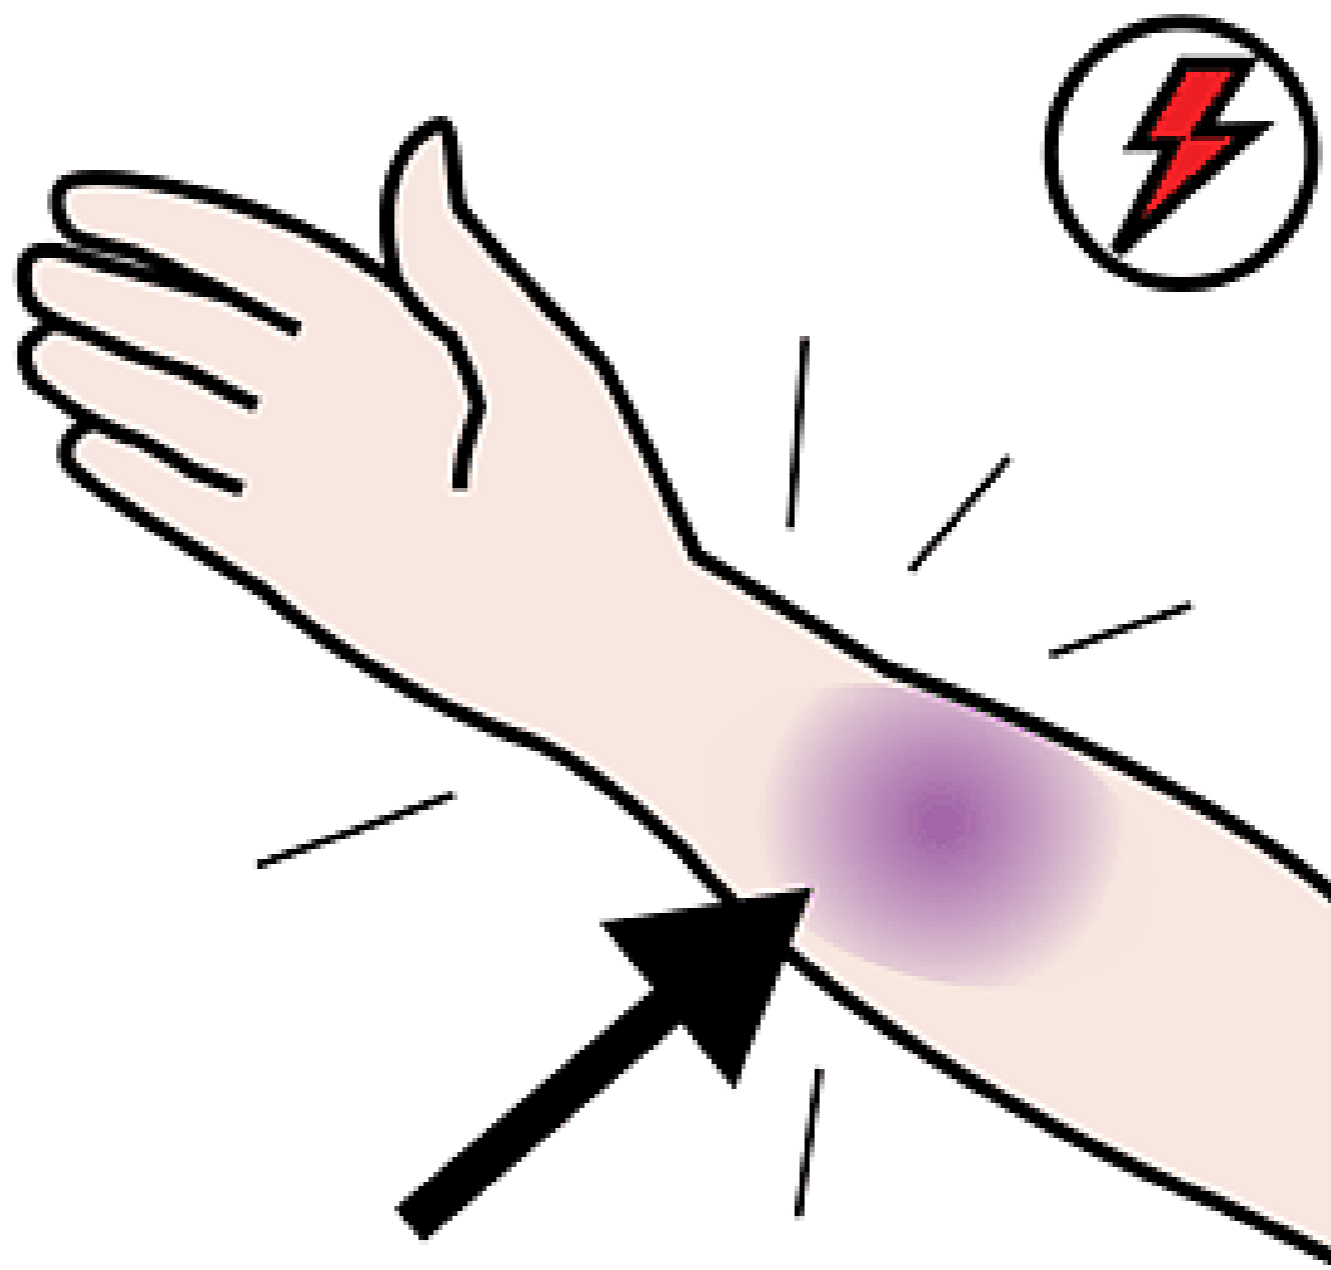

OR

I might try to hit
someone else

Hitting myself will hurt me

Hitting others will hurt them

When people are hurt
they feel sad

Hitting is NOT okay

Hitting HURTS

If I don't hit people
will be happy with me

If I don't hit
I can feel proud
