

A SOCIAL STORY

Kicking

Sometimes I get angry or
frustrated

Sometimes other people
make me feel cross

When I feel like this
I might try to kick someone

OR

I might try to kick
something

kicking items might make
them break

Kicking someone will hurt
them

Kicking makes people sad

Kicking is NOT okay

Kicking HURTS

If I don't kick people
will be happy with me

If I don't kick
I can feel proud
