

A SOCIAL STORY

# Kicking

Sometimes I get angry or  
frustrated

Sometimes other people  
make me feel cross

When I feel like this  
I might try to kick someone

OR

I might try to kick  
something

kicking items might make  
them break

Kicking someone will hurt  
them

Kicking makes people sad

Kicking is NOT okay

Kicking HURTS

If I don't kick people  
will be happy with me

If I don't kick  
I can feel proud
