

A SOCIAL STORY

Using the Toilet

Sometimes my body will feel like I need a wee or poo and I must go to the toilet.

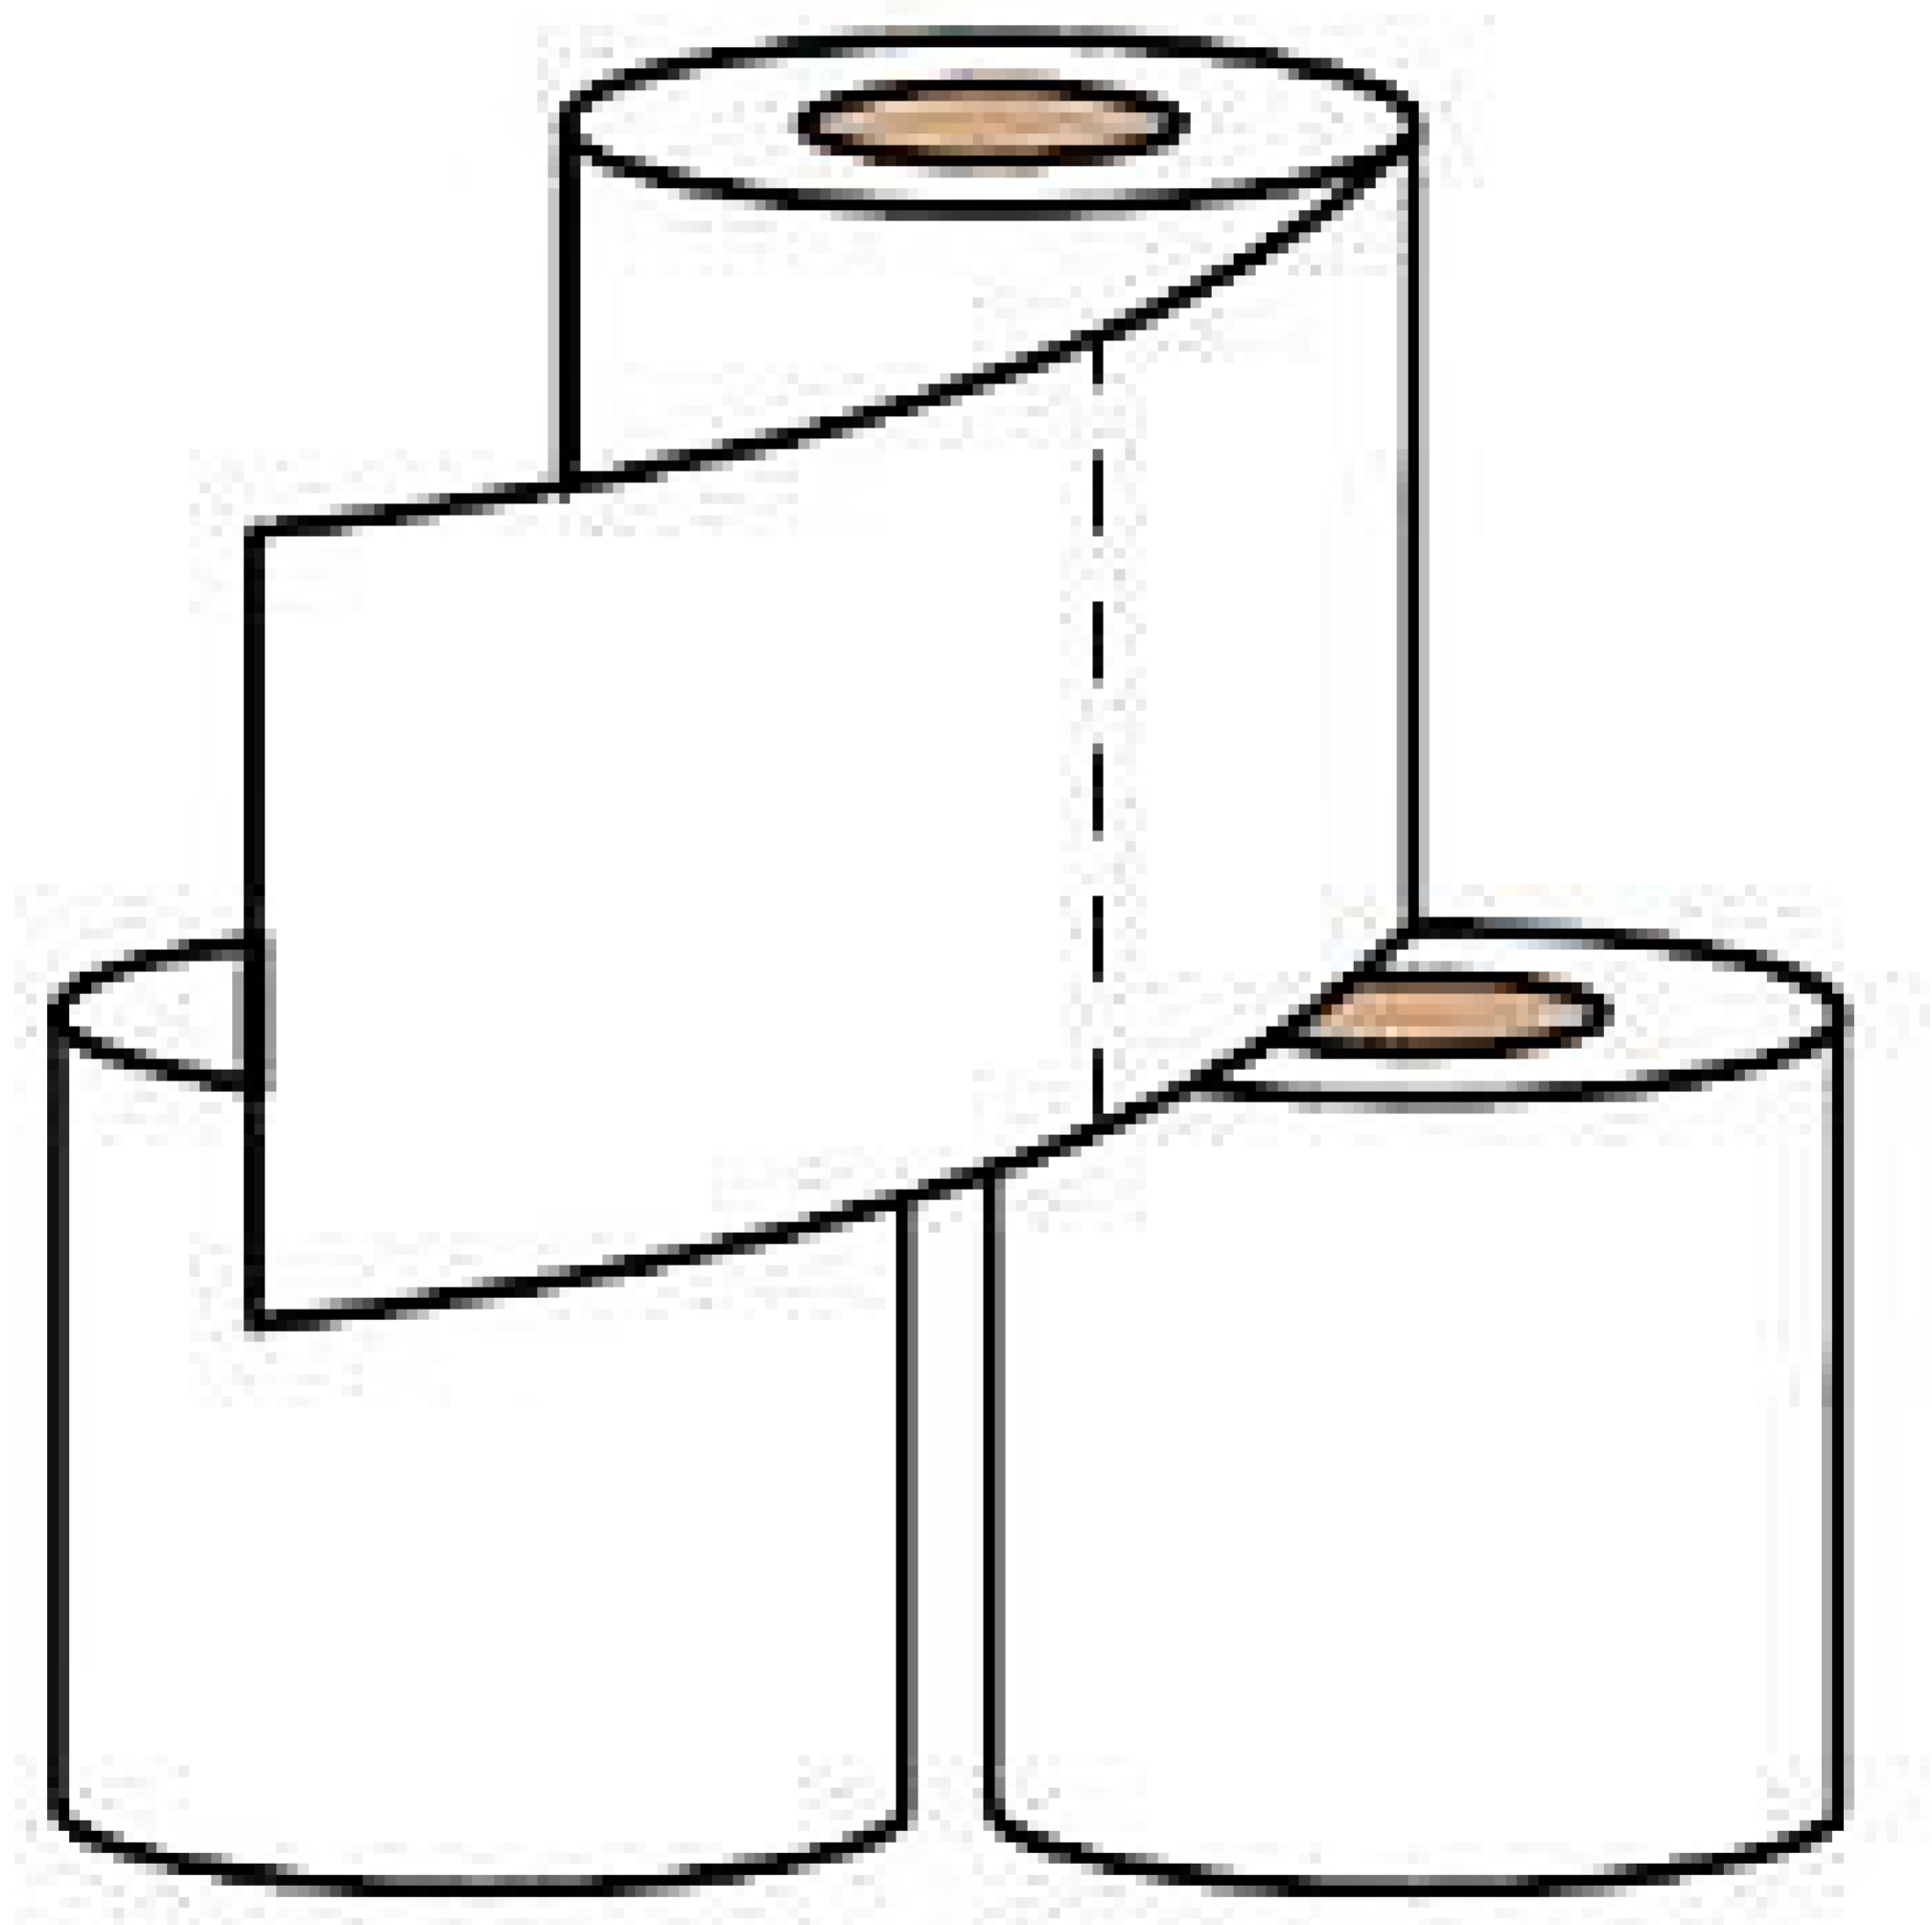

I might need to ask an adult to help me go to the toilet.

I need to pull my pants
and trousers down and
sit on the toilet.

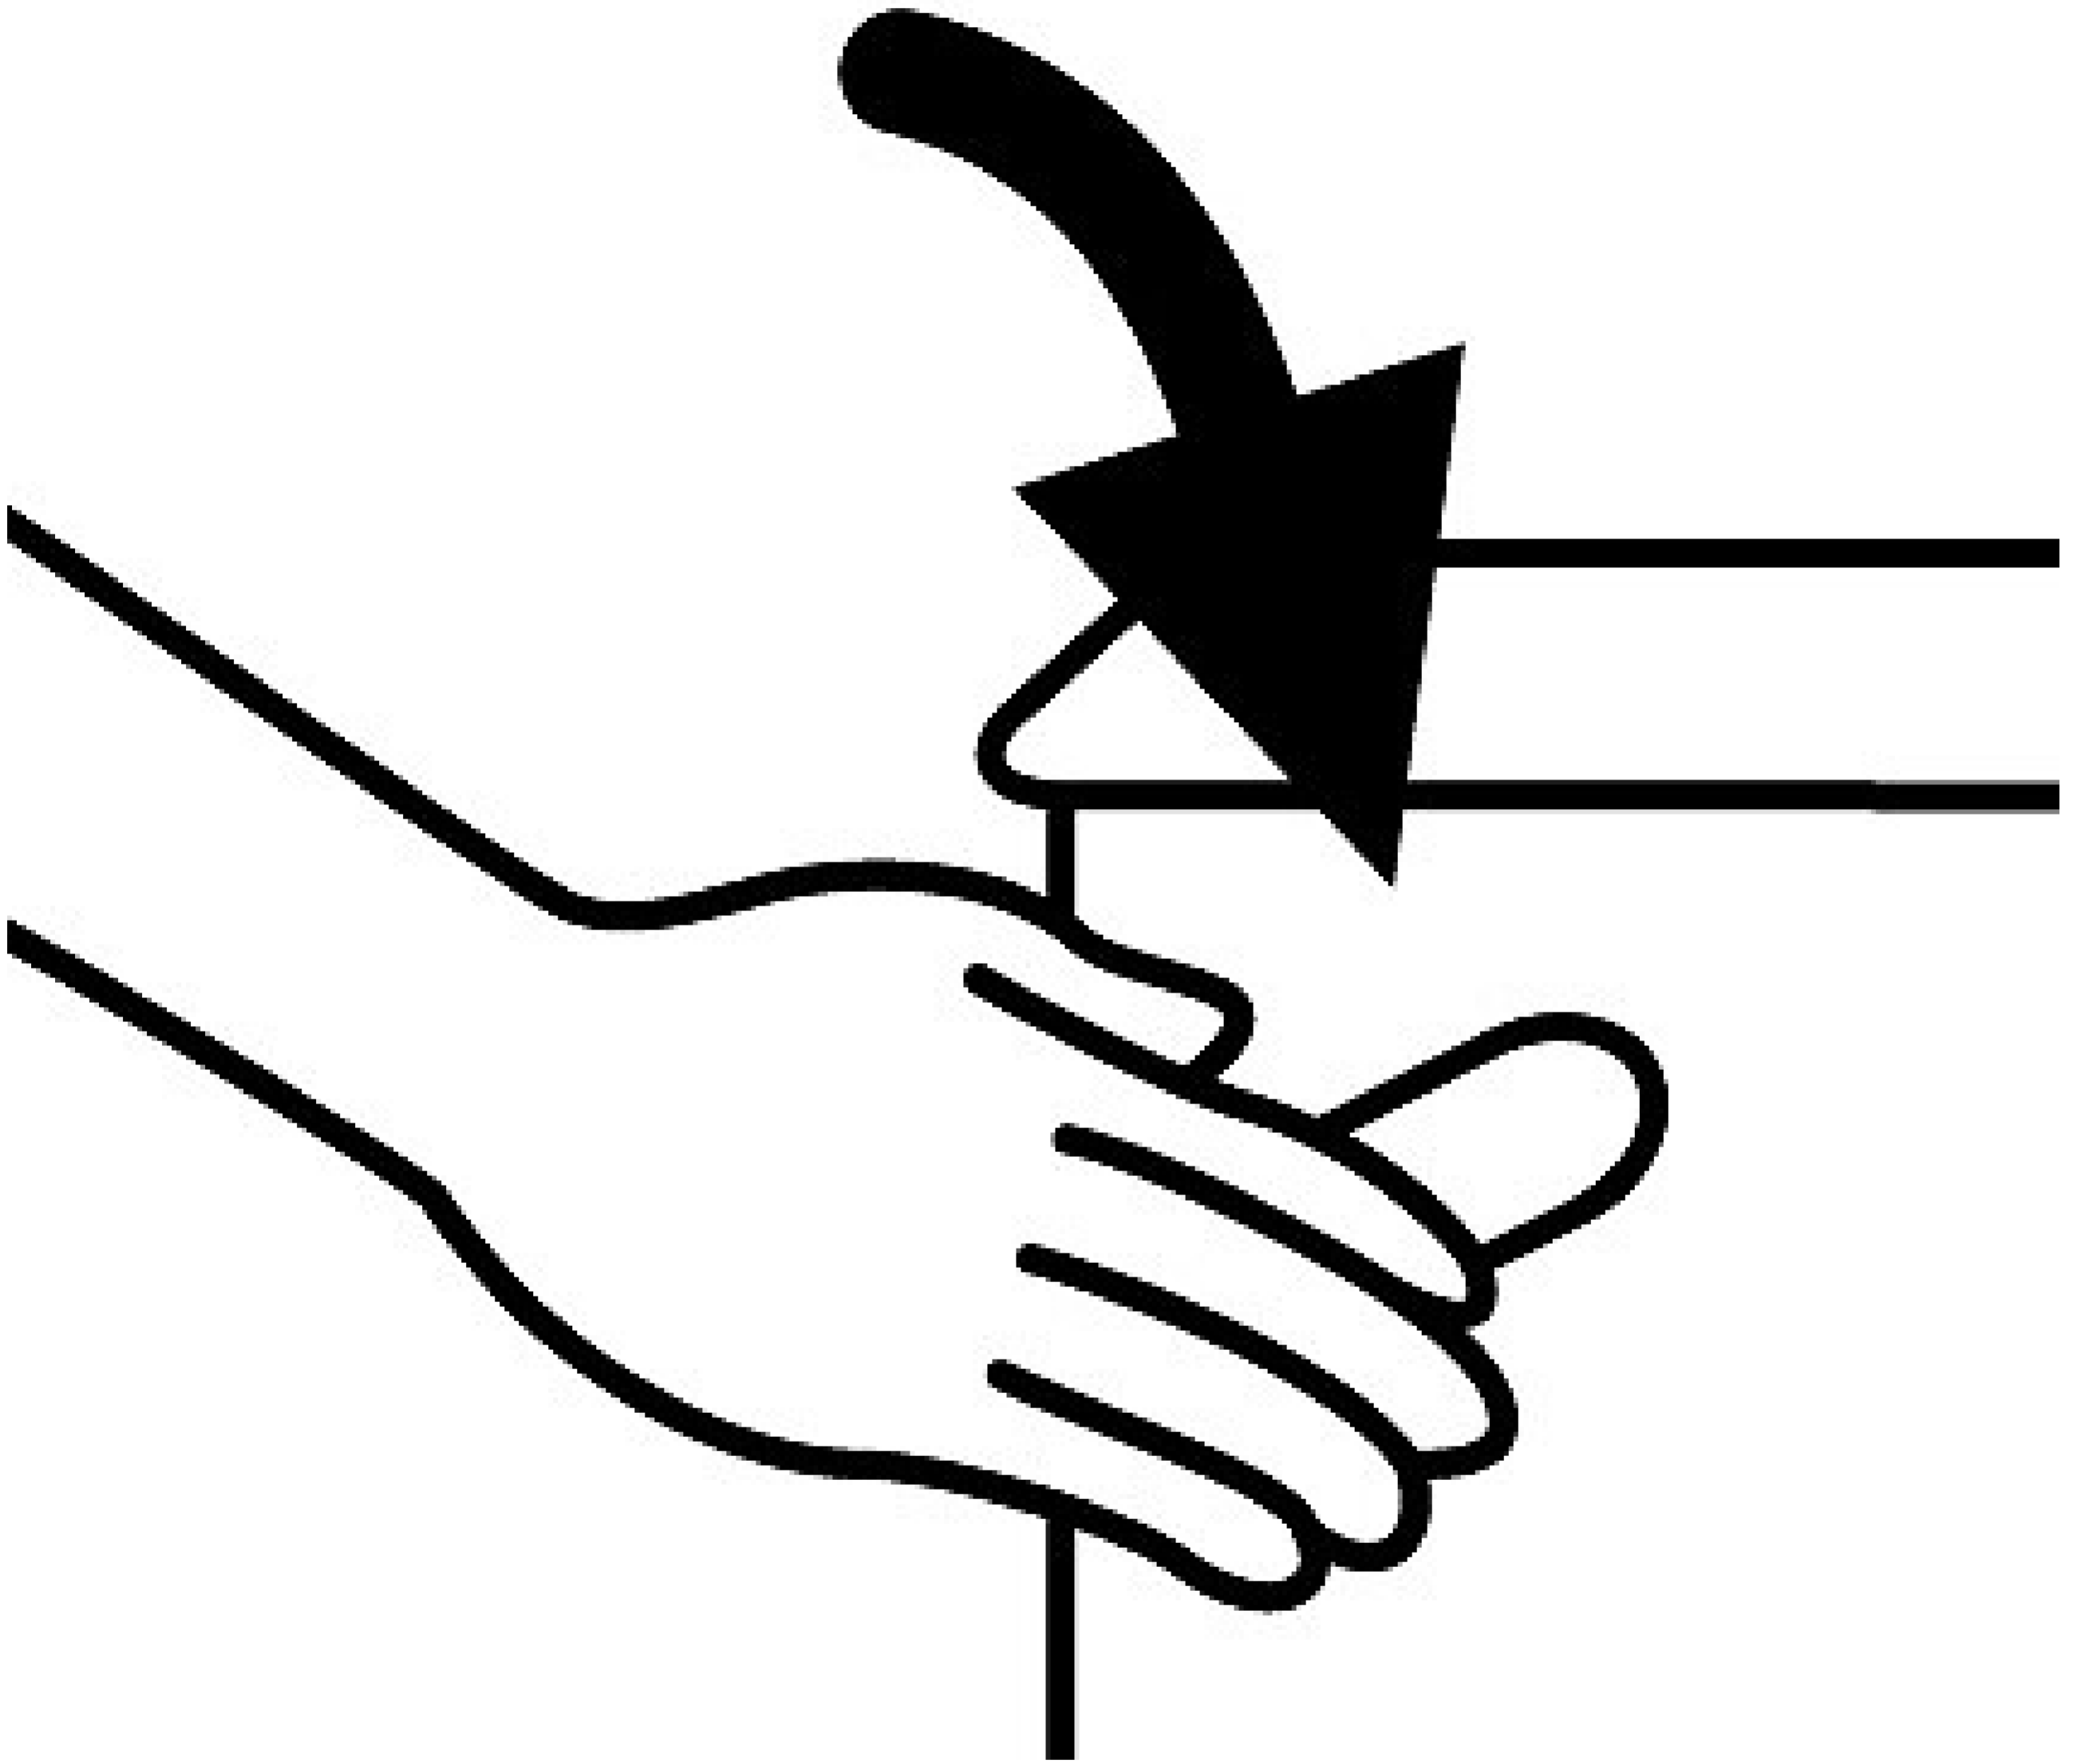

When I have finished my
wee or poo I will need to
wipe myself.

Then I need to pull my pants and trousers back up.

And flush the toilet.

After going to the toilet I need to wash and dry my hands.

Then I have finished and
can feel proud!
