

A SOCIAL STORY

# About being with other children

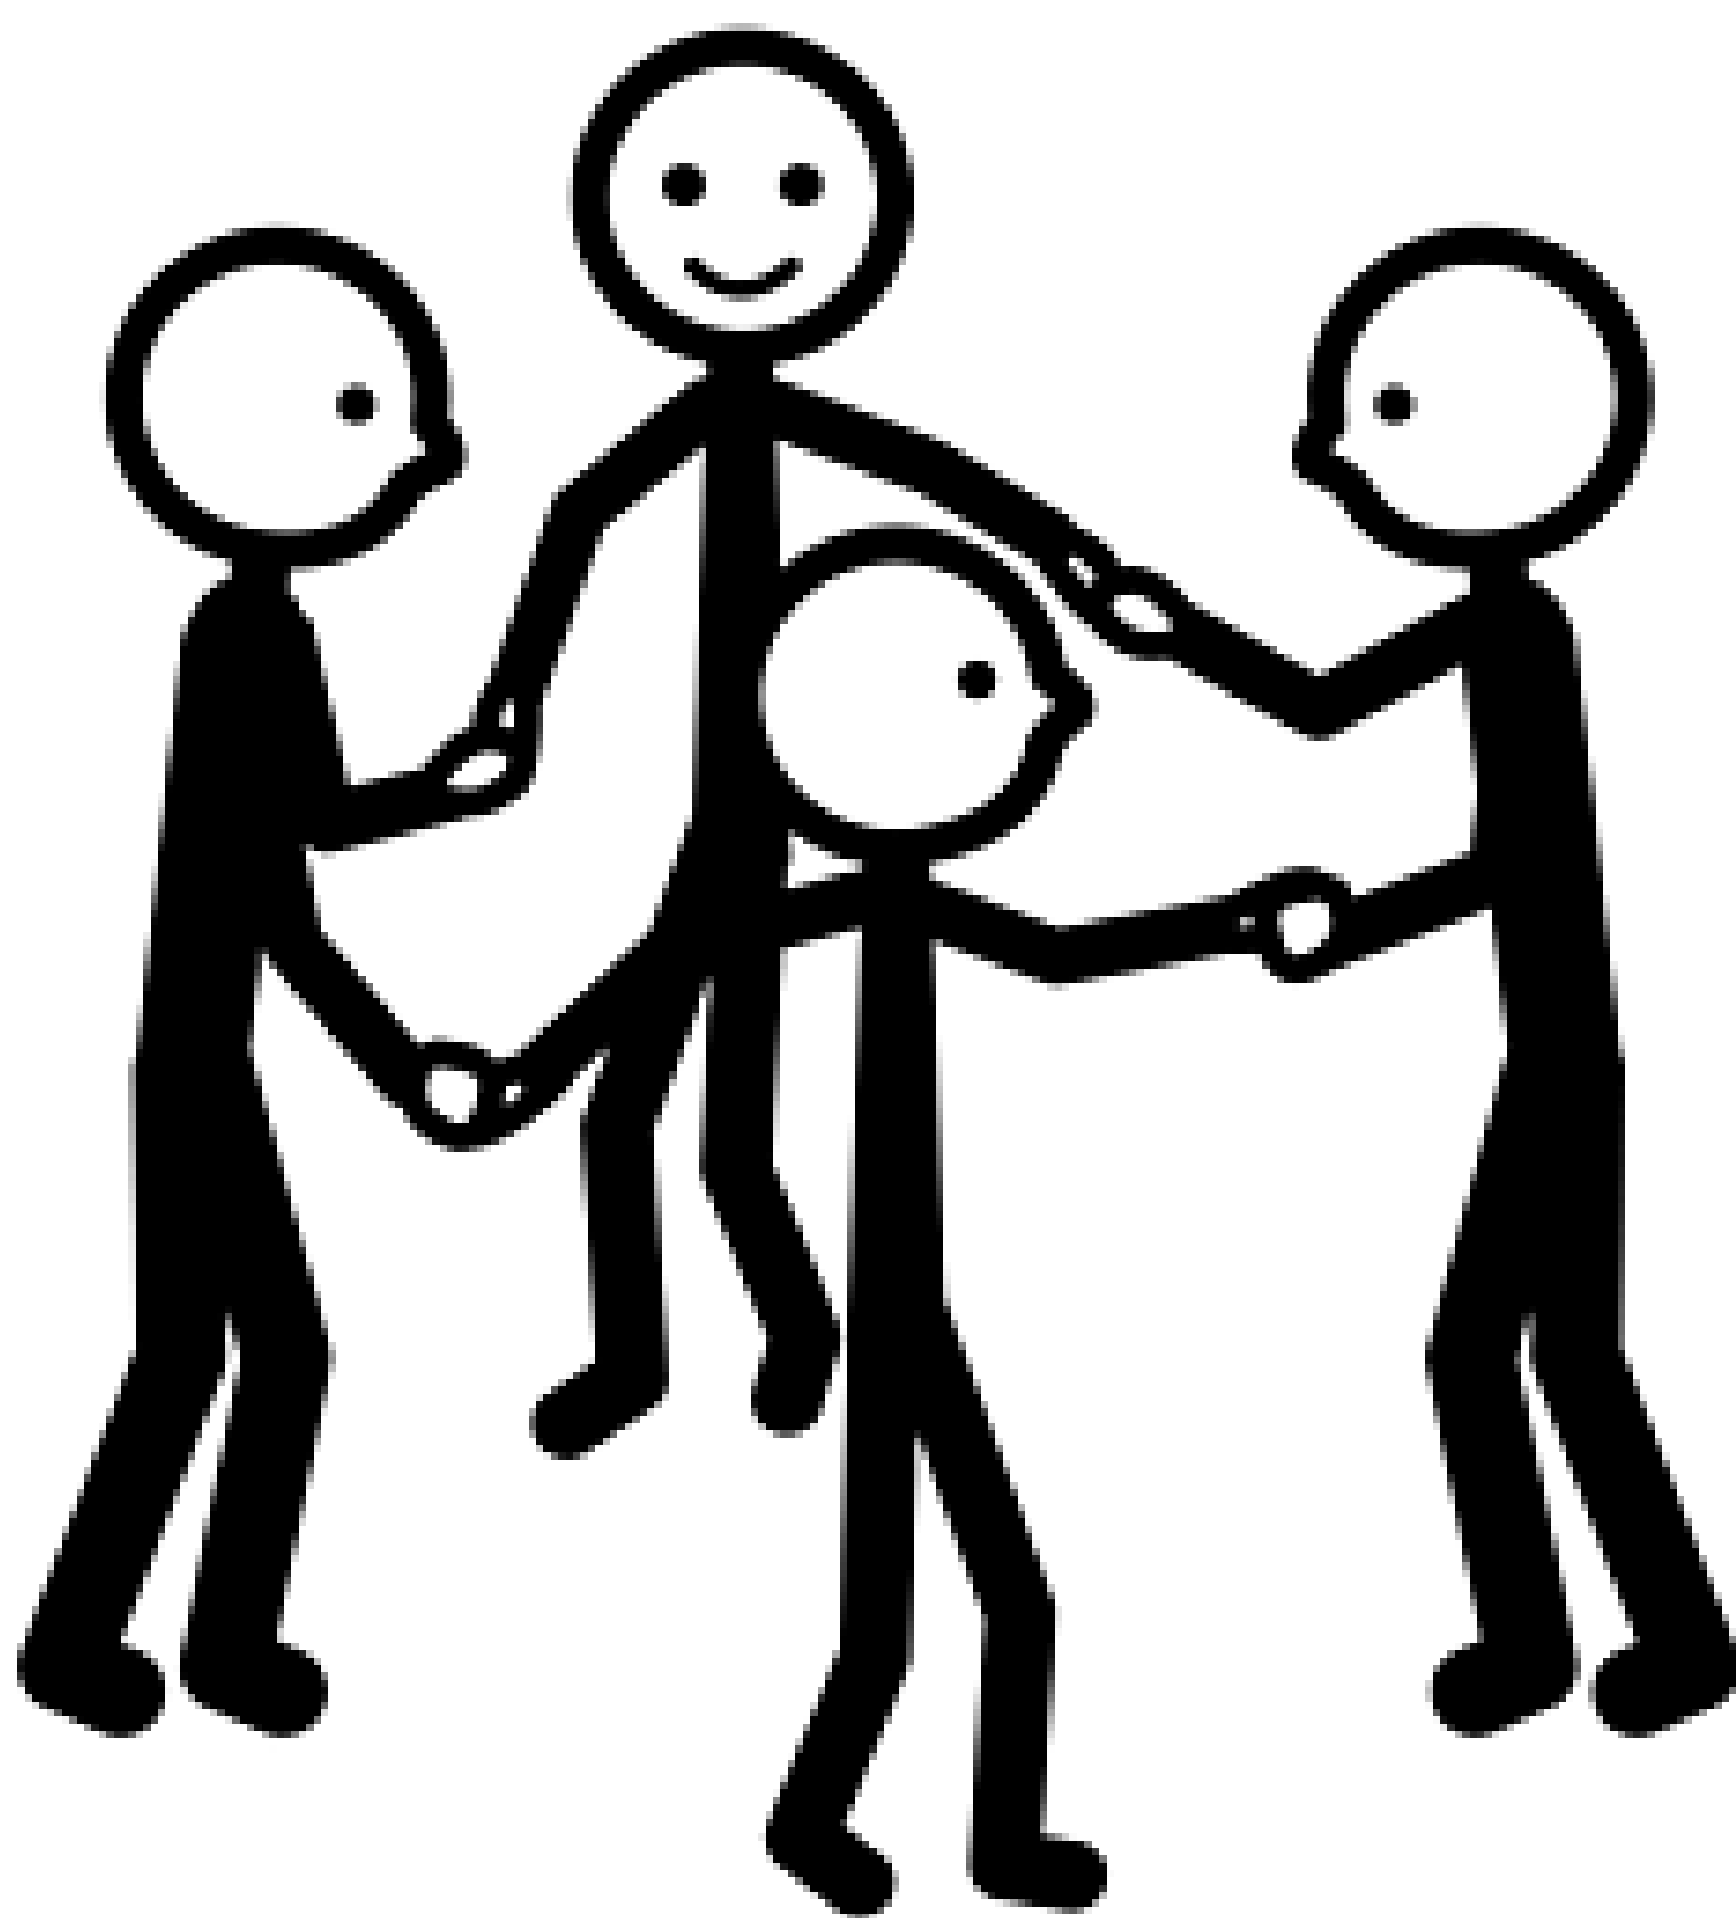

Sometimes I will be with  
other children

this might be at home or  
at school or somewhere  
else

Being with other children  
can be fun

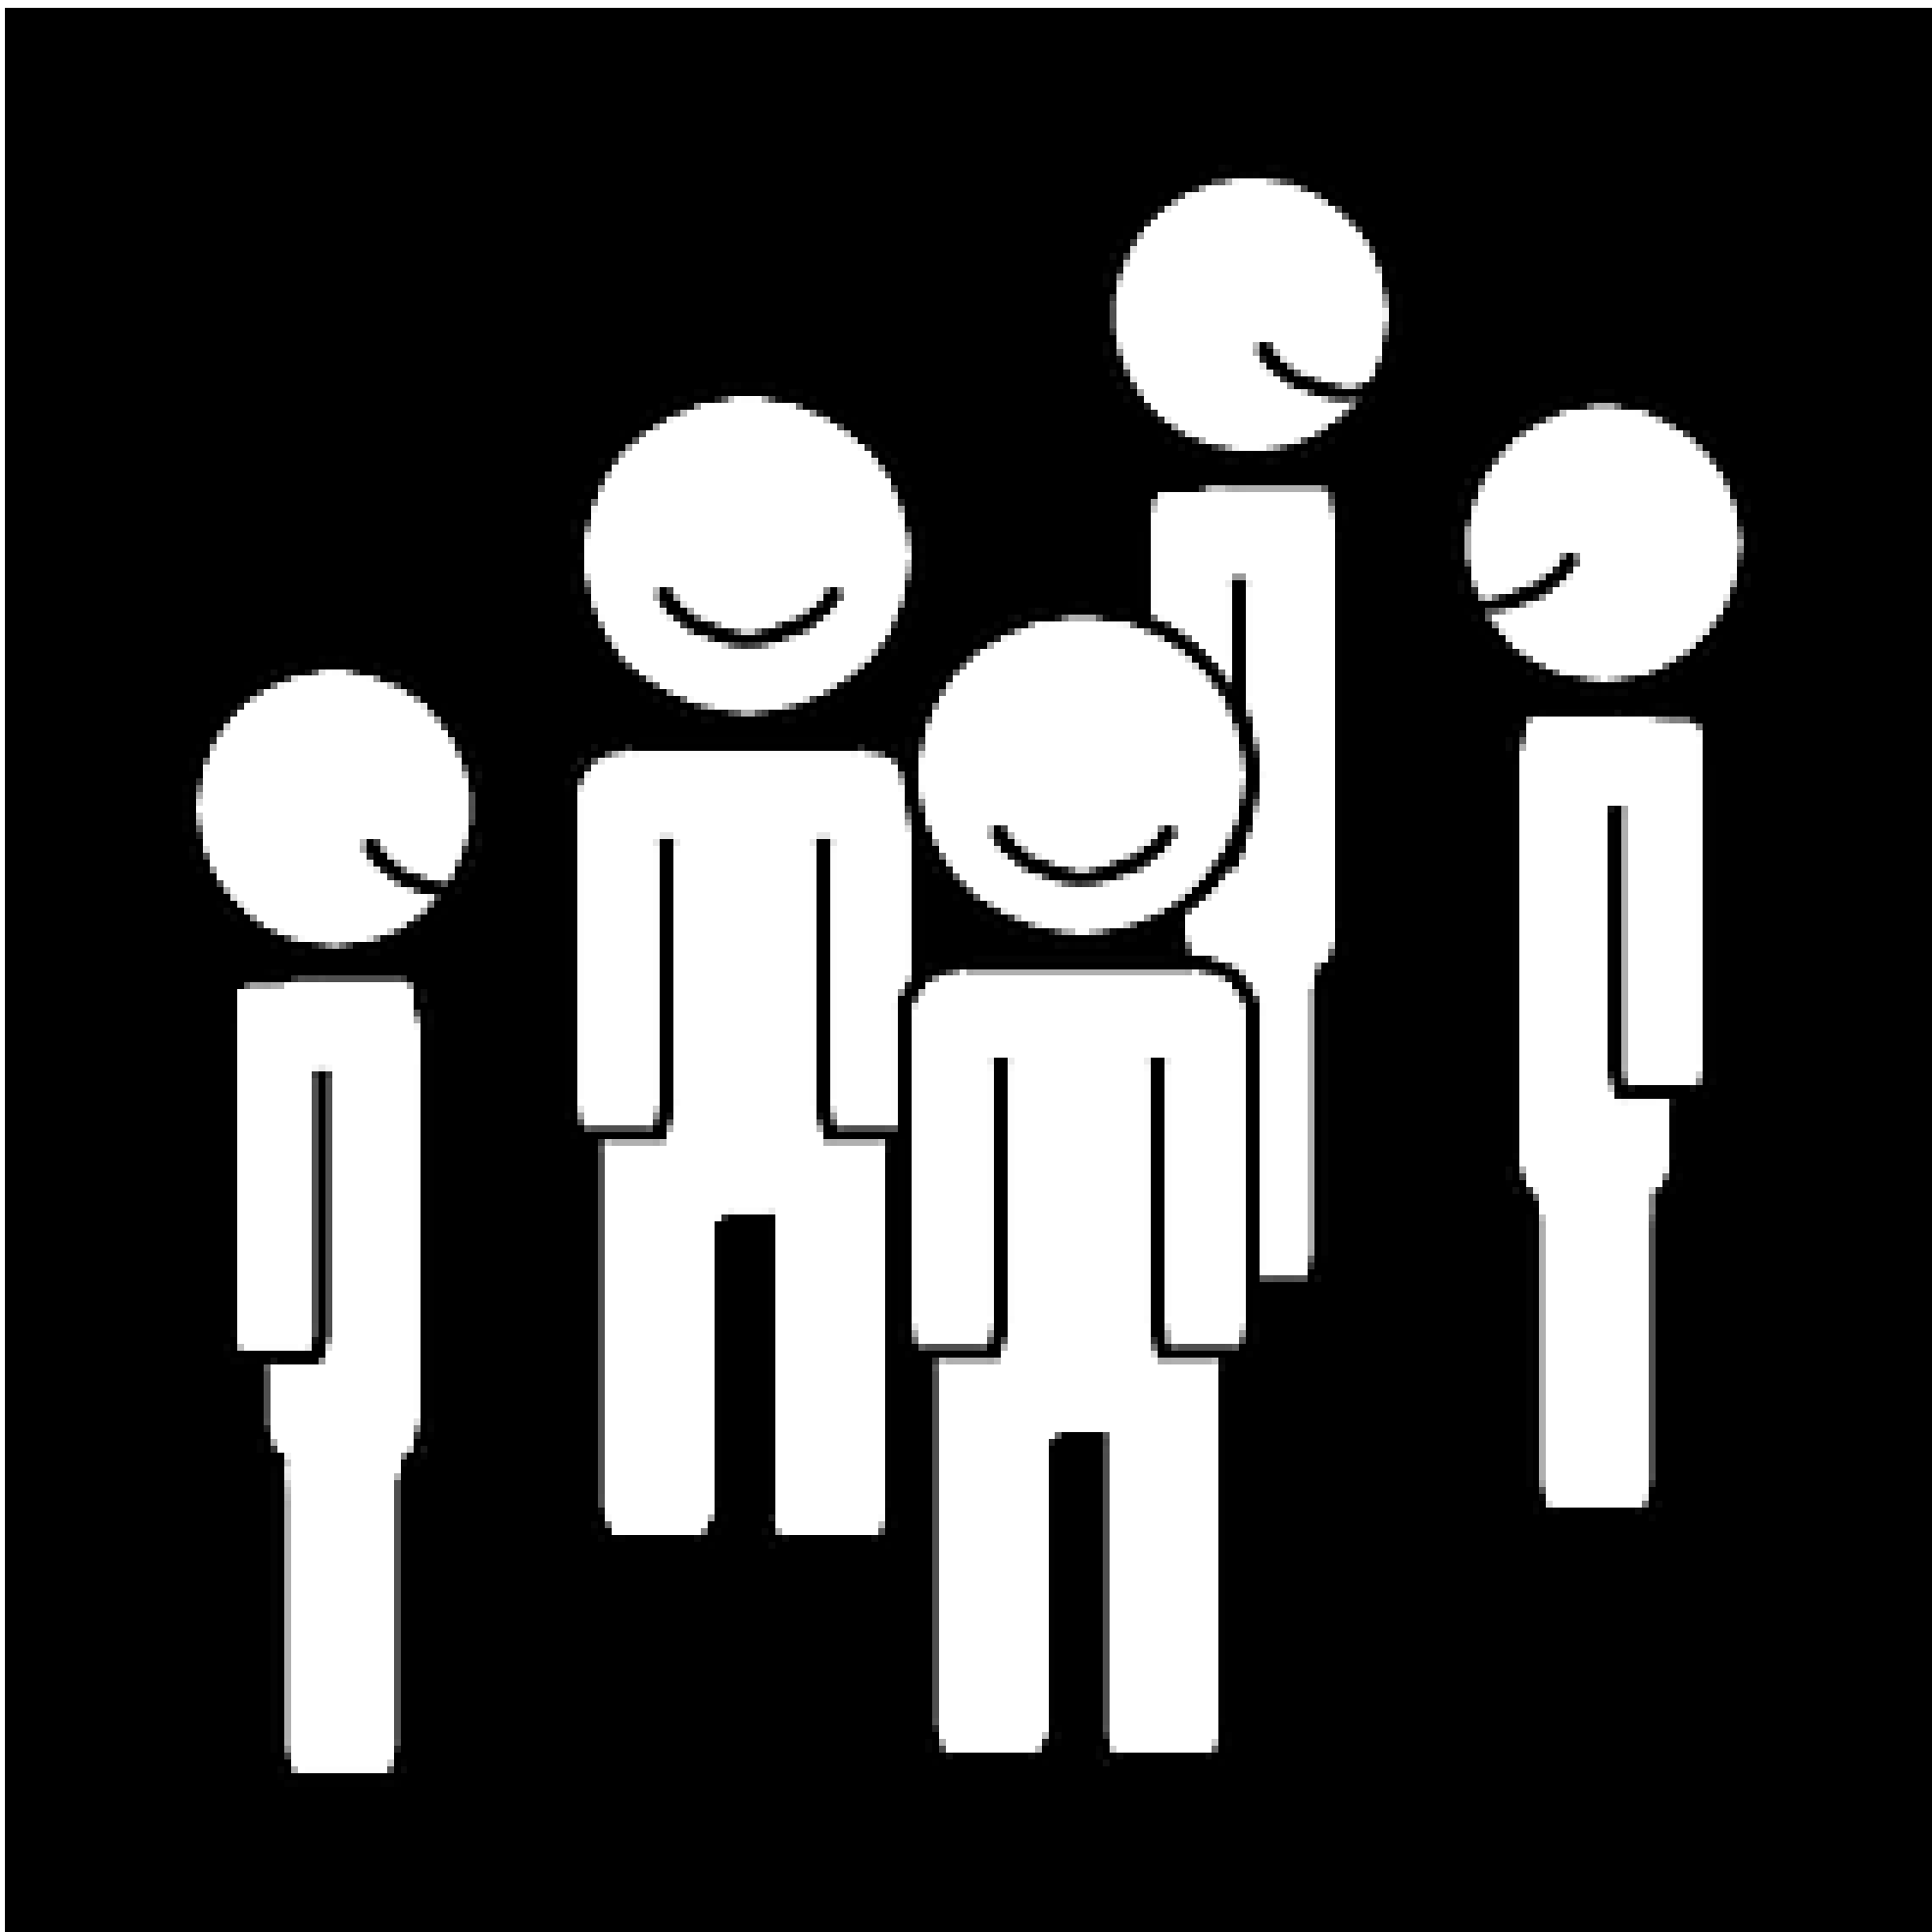

When I see other children  
it is nice to say "hello"

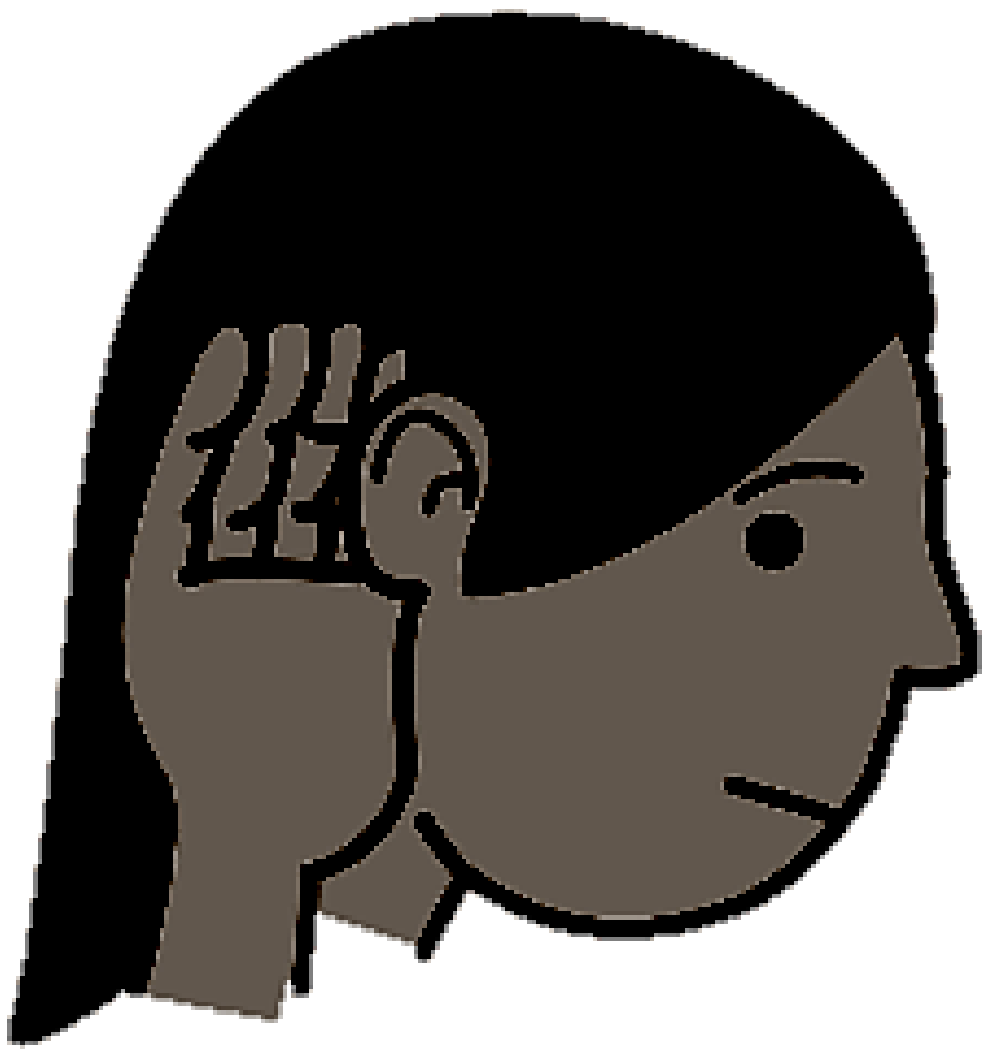

It is also nice to ask  
questions like:  
What is your name?  
How are you?

This is being polite and is  
a good way to start a  
conversation

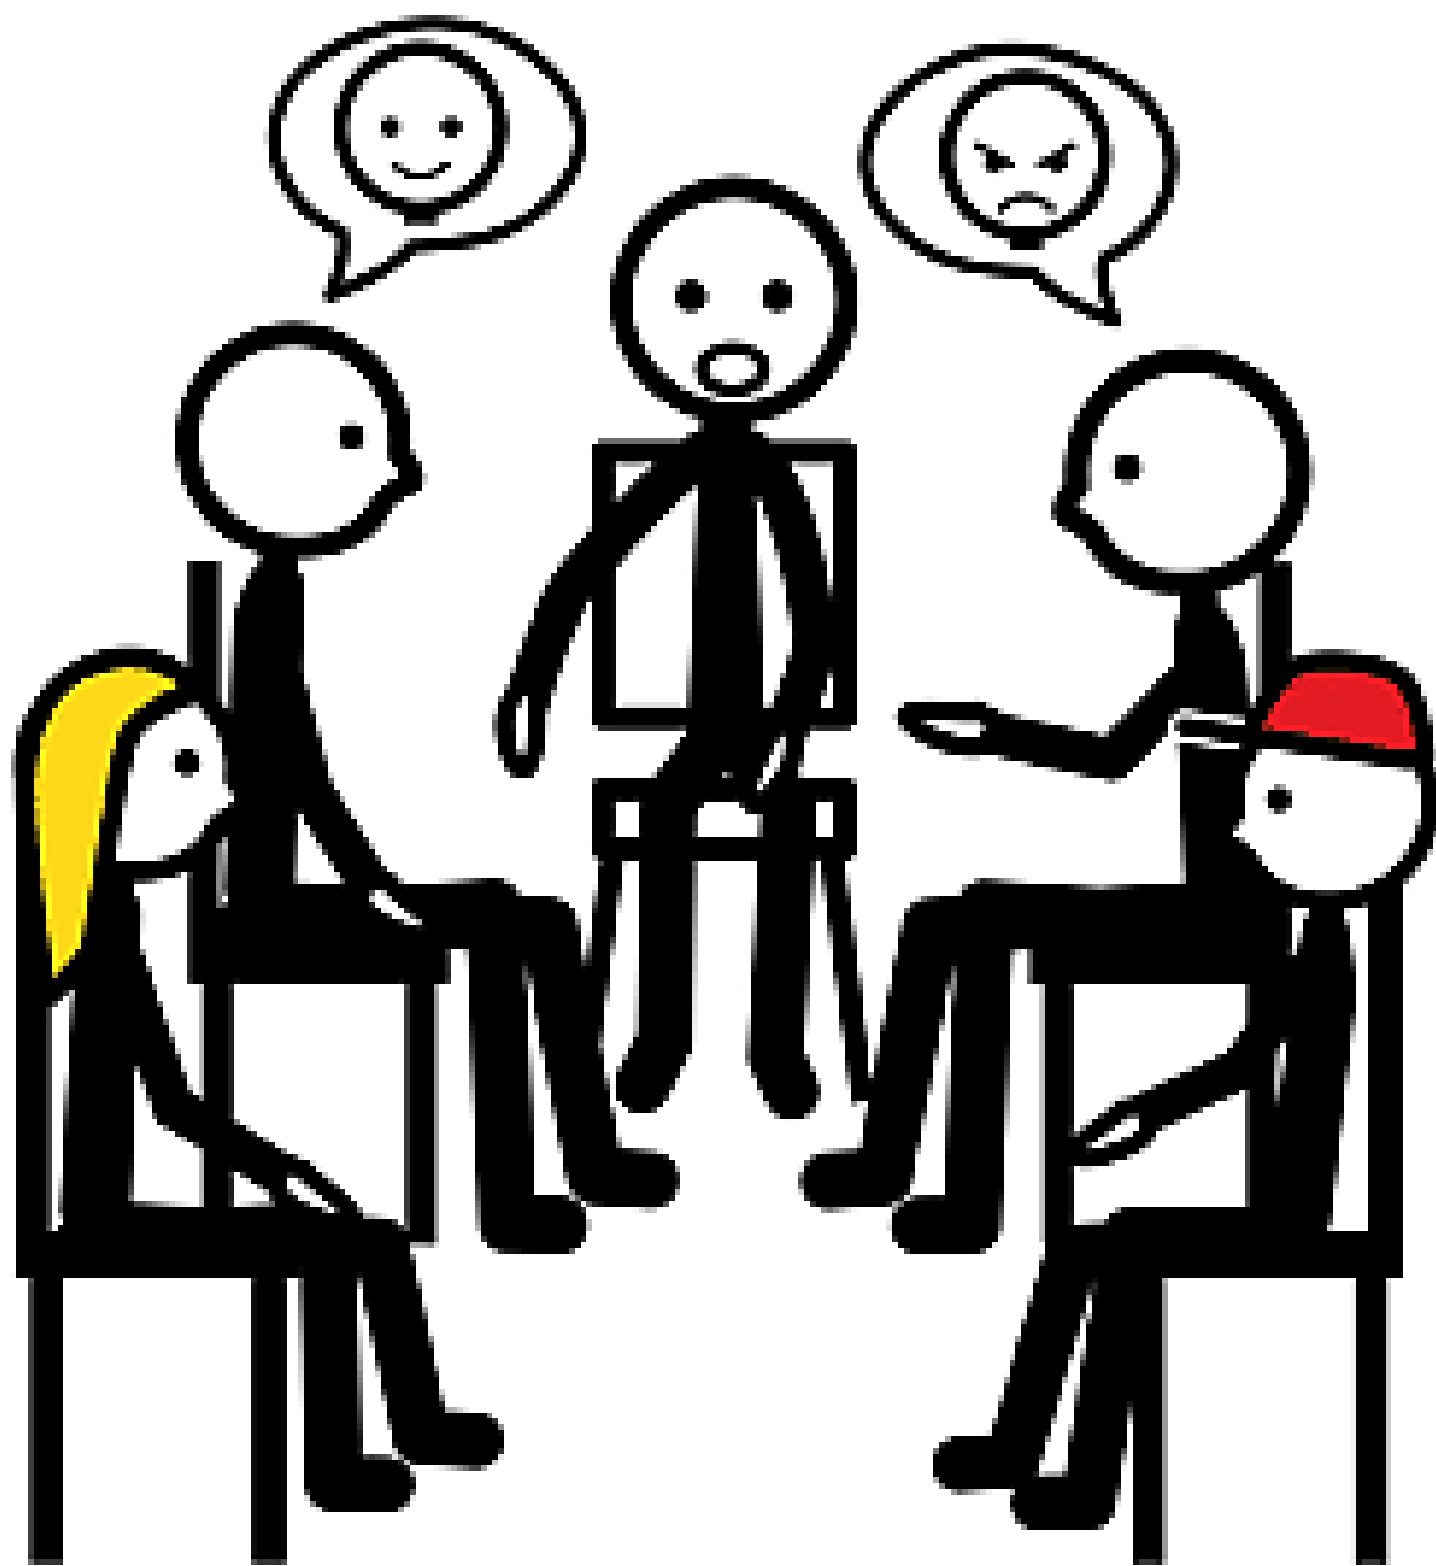

Having a conversation  
means talking and listening  
to each other

I should show interest in  
what the other person is  
saying and be friendly

When children are together there is often a lot of noisy chatter

It can be hard to keep up with what everyone is saying

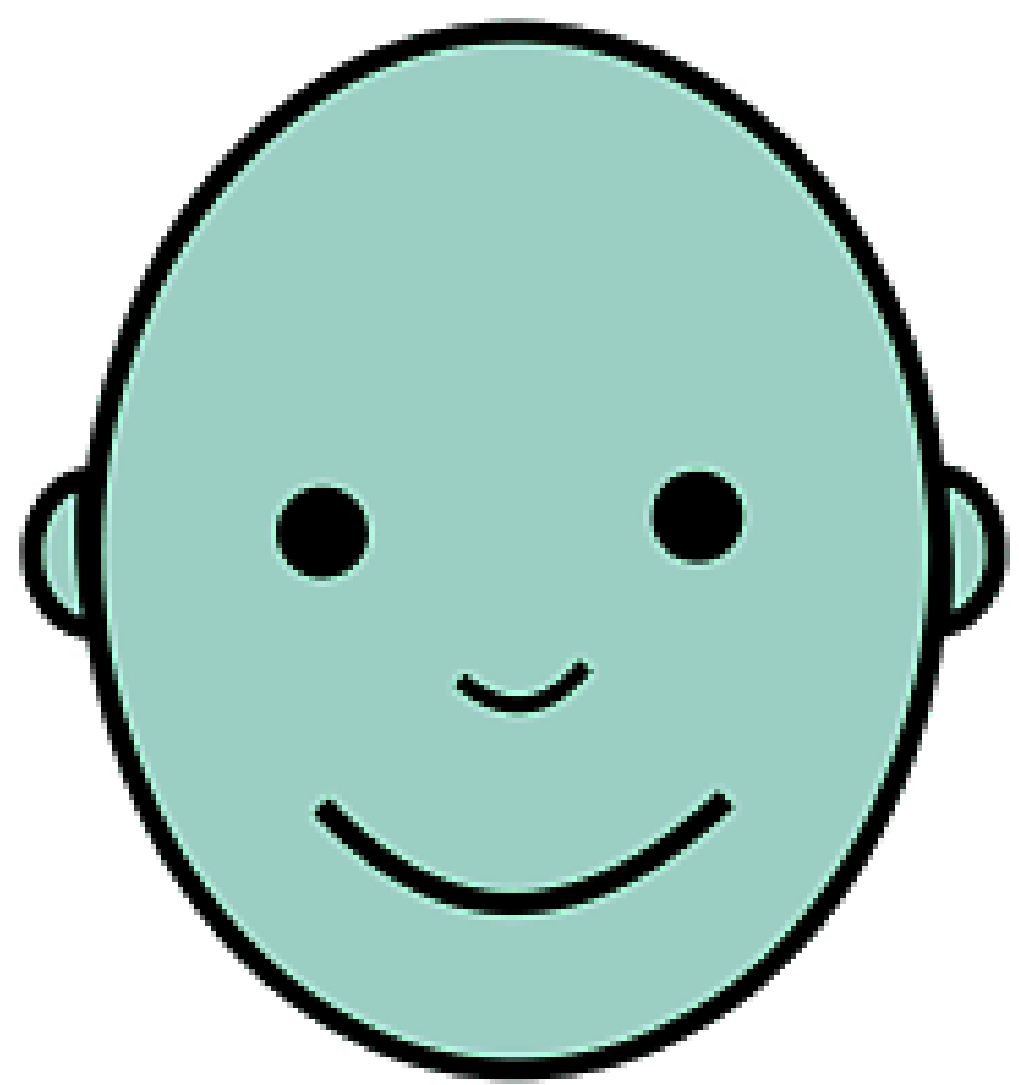

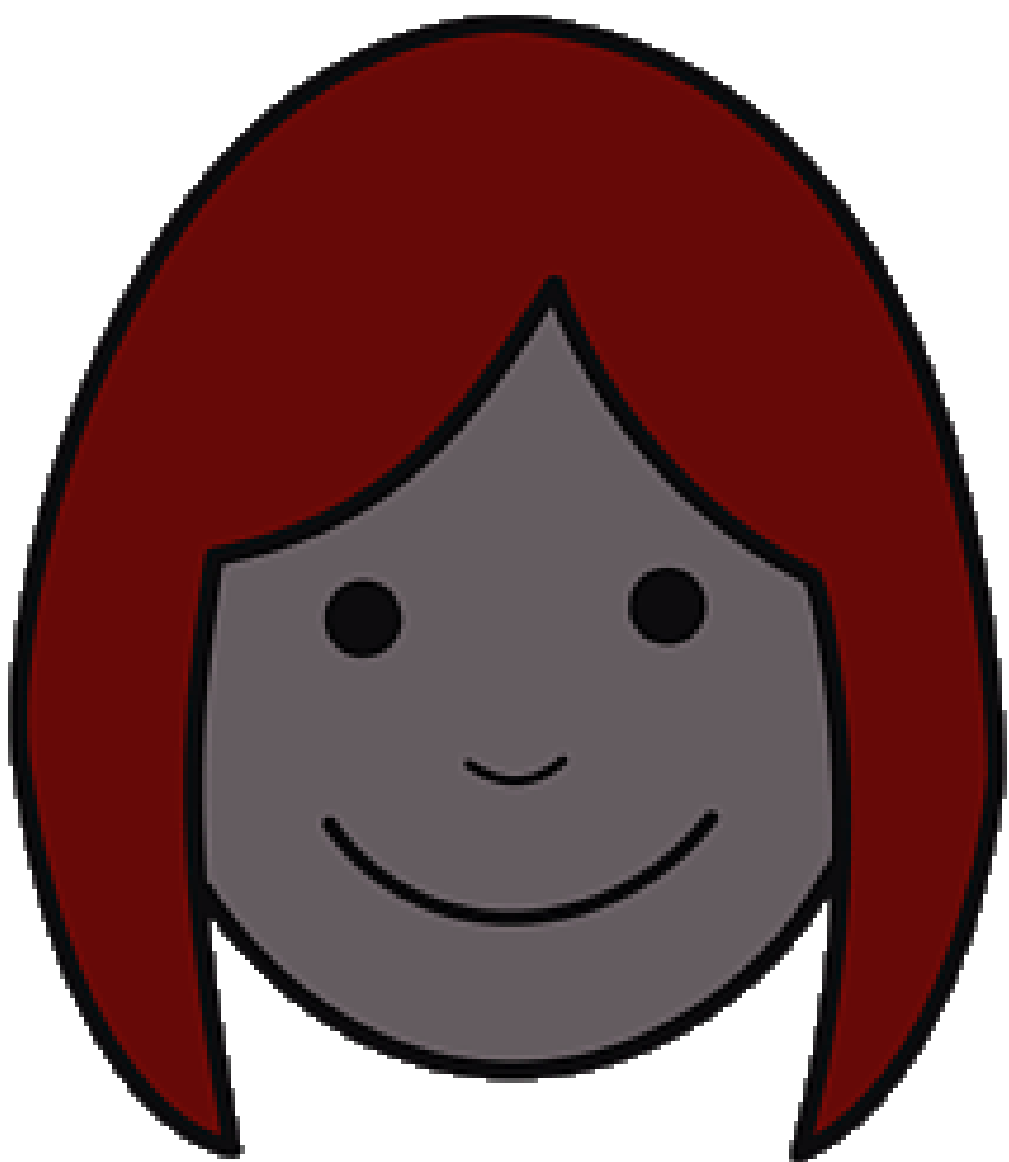

If I feel overwhelmed it is  
okay to walk away

When I leave a  
conversation it is polite  
to say "goodbye".

I must try hard not to be  
rude or angry with other  
children

It is always okay to talk to  
my parent or carer if I am  
finding it hard interacting  
with other children

My parent or carer will understand and they will be able to help me
